

FBI Created 17 False Flag Terrorist Attacks

FBI agent being trained to shoot at paper terrorists.

According to Judge Andrew Napolitano, in the past 10 years, there've been 20 Terrorist plots against the US.

Three of those plots were real but were discovered and stopped by private Americans.

The other 17 were created—and then stopped—by the FBI.

The apparent purpose of these false flag operations was to deceive Americans into believing we're under attack by foreign or domestic terrorists who are fictional.

Based on the false belief that we're being persistently attacked, Americans tend to accept and even our government's invasions of foreign countries and our own growing police state.

If you want to fly on an airplane, you must first be x-rayed or groped based, in part, on 17 plots created by the FBI to prove the existence of terrorists who don't actually exist.

Every government agent—right up to the President—who authorized or participated in such fraudulent terrorist attacks should be tried for treason and, if found guilty, hanged by the neck until dead.

Here's an article from the New York Times that explains that the FBI is not **finding** terrorists, so much as creating and grooming people who are upset with government to become "terrorists" in "sting operations".

This [article](#) claims that "Of the 22 most frightening plans for attacks since 9/11 on American soil, 14 were developed in [FBI] sting operations."

These numbers don't precisely match Judge Napolitano's, but they're similar.

More, the article interests me in that it reveals that most defendants charged in these "sting operations" claim "entrapment" for their defense and thereby lose in court.

That tells me that "entrapment" is probably an "[affirmative defense](#)" which, as I've previously explained, is first and foremost a **confession**.

I.e., you can't claim to have been "entrapped" into committing a crime without first implicitly confessing that you did, in fact, commit the alleged crime.

Once you make any affirmative defense/confession, the prosecution's case is made, and the burden of proof shifts to the defendant to prove that, except for the influence exerted by the FBI (or whoever), the defendant would not have committed the crime.

Because it's almost impossible for the defendant to prove his state of mind and intent, convicting fools who make affirmative defenses is like shooting fish in a barrel.

If the defendant had not made an affirmative defense, the burden of proof would remain **on the prosecution** to prove the defendant's state of mind/state.

The most important consequence of using the affirmative defense of entrapment to excuse some alleged criminal act inspired by the FBI (or some other governmental agency) is that such defense constitutes a **confession** that you have attempted to commit a crime.

The second most important consequence may be that "entrapment" implicitly admits that the person who tried to entrap the defendant was a **government agent**.

If so, by alleging that he was “entrapped” by a **government agent**, the **defendant** cloaks that government agent with “**official immunity**” that might not otherwise exist.

In other words, if a defendant doesn’t claim “entrapment,” the alleged “government agent” might be just as liable for the offense as the defendant.

If I were being prosecuted for attempting to commit some “terrorist act” that had been inspired by a purported FBI agent, I might not try a defense of entrapment.

I might instead challenge the credentials of the government agent, attempt to prove that he’s merely a private actor, corporate employee, and the real “brains” behind the terror plot.

I would not thereby confess to the alleged “crime”.

By not confessing, I’d make the prosecution prove every element of the crime, including venue (The State vs. this state), and I might sue the purported FBI agent for misleading and deceiving me.

I’d be careful to create evidence that the alleged “government agent” was the brains behind the crime and thus a co-defendant rather than some “official”.

I’d argue that if I were to be sentenced to 5 years, my co-defendant should be sentenced to 10.

BOSTON BOMB MYSTERIES SOLVED? LINK TO CIA

On 23 April 2013, a body was found "in India Point Park in Providence Harbor", near the Wyndham Garden [Providence Hotel](#), **Rhode Island**.

Is the body that of Tamerlan Tsaraev?

Tamerlan's wife's family is from Rhode Island.

"The body appeared to be a male in his twenties and had 'been in the water for a while,' said Commander Thomas Oates of the Providence Police Department...

"The Rhode Island medical examiner's office is trying to determine if a body pulled from a river is missing Brown University student [Sunil Tripathi](#), who was erroneously linked on social media to the Boston bombings last week.

"An autopsy is being conducted on the body, however it was unlikely a positive identification will be made today, according to Dara Chadwick, spokeswoman for the medical examiner's office."

Body in River May Be ...

The Russell's home in North Kingstown in **Rhode Island**.

Tamerlan Tsaraev was married to Katherine Russell whose father Warren Russell lists his high school as the elite New Hampshire boarding school Phillips Exeter Academy and his college as Yale (linked Skull and Bones and the CIA).

Katherine's mother is Judith Russell.

Tamerlan

"According to [documents](#) received by Izvestia a Russian language newspaper, **Tamerlan Tsarnaev was recruited by Georgia's Caucasus Fund, an organization run by the Jamestown Foundation.**

"The documents were leaked from the files of Georgia's Ministry of Internal Affairs, Counterintelligence Department.

"Izvestia reports that between January and July of 2012, Tamerlan Tsarnaev the accused bomber of the Boston Marathon attended seminars conducted by the Fund of Caucasus."

<http://www.digitaljournal.com/article/348740#ixzz2RPtiNprC>

The Jamestown Foundation is a front for the CIA.

Below is the backpack said to have contained a bomb.

That guy, who's backpack exactly matches the one that blew up, is a f..... navy seal!

Dzhokhar Tsarnaev is innocent | Facebook

Why would Tsarnaev tell the carjacking victim they were responsible for the bombings, as police allege?
"Makes no sense."

Those unexploded bombs found in older brother Tamerlan's apartment?

"They didn't live together."

How could Jahar have run away as quickly as he allegedly did with "multiple guns and hundreds of rounds of ammunition?"

What about this [video](#) with 350,000 views that maybe looks like he still had a backpack on after the bombs went off?

The Facebook page "[Dzhokhar Tsarnaev Is Innocent](#)," claims that the US government, not Dzhokhar and Tamerlan Tsarnaev, was behind the attacks in Boston.

"These are the same kind of conspiracy theories espoused about 9/11 by Alex Jones, who founded Infowars — a favorite website of Tamerlan Tsarnaev, according to [The Associated Press](#)."

[Tamerlan Tsarnaev Attended a CIA-sponsored Workshop](#)

Tamerlan Tsarnaev attended a workshop sponsored by the CIA-linked Jamestown Foundation, Izvestia reports.

The Russian newspaper cites [documents](#) produced by the Counterintelligence Department Ministry of Internal Affairs of Georgia confirming that the NGO “Fund of Caucasus” held workshops in the summer of 2012 and Tsarnaev attended.

The Caucasus Fund was established in November, 2008, following the Georgian- Ossetian conflict.

The main purpose of the organization, according to Izvestia, is to “to recruit young people and intellectuals of the North Caucasus to enhance instability and extremism in the southern regions of Russia.”

The Jamestown Foundation is a known CIA front.

Treason-Gate Escalates

International Intelligence

TREASONOUS NSA

UNITED States of America - It can now be reported that Zubeidat Tsarnaeva, the mother of the alleged Boston bombing terrorist suspect, is being blocked from traveling to the United States by the U.S. State Department and the Obama Administration.

intelligence officer Zubeidat Tsarnaeva

Russian FSB

Zubeidat Tsarnaeva is a Russian FSB intelligence officer and a former employee of the Department of Homeland Security.

After being interviewed today by the Federal Bureau of Investigation, Zubeidat Tsarnaeva was ready to travel to the U.S. and testify to a Federal Grand Jury on her knowledge of the relevant details concerning the Boston bombing aka the NSA psyop and the training ground for this operation in the old Russian Republic of Georgia and a direct connection dating back to the 9/11 BushFRAUD Administration BLACK OP attacks on the United States.

The Speaker of the House, Republican John Boehner of Ohio, is currently obstructing justice in the matter of the assassination of the late Ambassador to Libya, Christopher Stevens, and the "smoking gun" evidence tying former U.S. Secretary of State Hillary Rodham Clinton and the stand down order she issued in regards to a security request by the late Ambassador Stevens for the unregistered diplomatic outpost in Benghazi 24 hours before the attack and the assassination of the Ambassador.

Do not believe CNN aka Bush-Clinton Crime Family Syndicate news regards to the story claiming that the mother, Zubeidat Tsarnaeva, of the Boston bombing suspect can't travel to the United States because of an alleged existing warrant for her arrest regarding a shop lifting charge. Again, Zubeidat Tsarnaeva is a Russian FSB intelligence agent and has diplomatic immunity in the United States as well as an employee of the Department of Homeland Security (DHS), was not subject to any arrest.

TREASONOUS DHS

The Russian warning to the U.S. concerning the events surrounding the Boston bombing also deals with information supplied to the U.S. FBI that the Department of Homeland Security had been fatally compromised and infiltrated by the Israeli Mossad and the Nazi German NSA Kurt Becker cell of Hamburg, Germany.

Operation Wack-a-Mole Unravels

International Intelligence

UNITED States of America - It can now be reported that the Joint U.S.-French Intelligence Task Force operating on U.S. soil have linked 29 operatives and chaos actors to the NSA scripted Boston, Massachusetts psyop aka "Operation Wack-a-Mole".

Two operatives of Turkish descent were assassinated in Liechtenstein after escaping to that nation on a Lufthansa jet. Lufthansa employees are now on strike fearing their safety and security.

We can now divulge that the major two suspects in the Boston bombing Tamerlan and Dzhokhar Tsarnaev, two Russian Chechnyan brothers one dead and one in the hospital, have been FBI informants for over two years and were used by the FBI to infiltrate alleged Jihadist websites and were crucial to identifying the individual responsible for the Ft. Hood shootings.

We can now also report that the mother of the alleged two terror suspects, Zubeidat Tsarnaeva, has been a member of Russian Intelligence aka Russian FSB for over 15 years and is also on the payroll, and get this folks, of none other than the Department of Homeland Security (DHS) as an anti-terrorist consultant reference the activity of Chechnya rebels.

And now the plot thickens and the dots are being connected.

We can now report that Zubeidat Tsarnaeva was a member of the Russian Intelligence team that, along with French Intelligence, intercepted an Israeli Mossad cable that originated from the Republic of Georgia titled "The Time Is Now The Match Is Hot".

That was the 9/11 command and control attack order to proceed with the Black Op 9/11 attack on the United States aka George W. BushFRAUD's Nazi-style Reichstag fire.

BushFRAUD's Secretary of State Condoleeza Rice ignored the warning as did the entire BushFRAUD Administration.

We can also report that the training ground for the NSA Black Op attack on Boston, Massachusetts, as well as the attack on the U.S. diplomatic outpost in Benghazi, Libya, was none other than the old Soviet province of the Republic of Georgia.

The Black Op attack on the diplomatic outpost in Benghazi, Libya led to the assassination of the late U.S. Ambassador Christopher Stevens who was about to blow the whistle on the illegal arms and narcotic activity involving Syria, Turkey and the U.S. State Department.

Co-CEOs
Hillary Clinton and H.W. Bush

Stevens was also about to blow the whistle on U.S. Secretary of State loser and lesbian Hillary Rodenhurst Clinton for her role of not only in the aforementioned crooked arms deals but her role as Co-CEO, along with George Herbert Walker Bush, in the training of bought and paid for terrorist training in the Republic of Georgia.

The financial support for these private terror cells and mercenary armies is the Mossad-controlled America-Turkish Council and the Nazi German "Skull and Bones" Deutsche Bank.

It is important to remember that the historical origin for these private mercenary terror cells go back to the Clinton era war in Bosnia and then President Clinton's reckless decision to proceed with the privatization of special forces.

This action by Clinton caused U.S. intelligence to become decompartmentalized and led to the creation of private Blackwater associate mercenary armies (aka True Colors Gary Best Inc.) and eventually the offshoot aka terror cells that could be used for FALSE FLAG terrorist attacks aka psyops that could affect geopolitical events and worldwide financial markets.

In closing, we want to re-emphasize as we have in previous intelligence briefings that these type of FALSE FLAG psyops aka attacks on the American People on their own soil are scripted to continue pending final declaration of MARTIAL LAW by alleged U.S. President and crooked bank stooge Barack Hussein Obama-Soetoro.

The pending MARTIAL LAW declaration is once again a back drop to the pending collapse of world financial markets and the total insolvency of banks world wide who are now prepared a 'bail in' aka the LOOTING of customers' savings deposits as to 'bail out' their crooked casino gambling debts.

Last week as gold dropped over \$130, treasonous Federal Reserve Chairman Ben Shalom Bernanke re-wrote new worthless crooked derivatives using old cross-collateralized derivatives as collateral.

So the entire world economy has almost no cash, no velocity of money, and is currently hinging on a Federal Reserve ordered ponzi scheme with the Central Bank of Japan and the completely corrupt Bush Crime Family administered German Nazi Deutsche Bank.

EMERGENCY UPDATE

International Intelligence

UNITED States of America - It can now be reported that the Joint U.S.-French Intelligence Task Force operating on American soil have developed 'smoking gun' evidence linking the U.S. NSA (National Security Agency), elements of the Israeli Mossad and the Nazi German Deutsche Bank financed Kurt Becker cell out of Hamburg, Germany, as well as the Republic of Georgia to both the Boston and 9/11 FALSE FLAG psyop attacks on the American People.

The Joint U.S.-French Intelligence Task Force is the only entity right now protecting the American People's safety, their Bill of Rights and their beloved Constitution from clearly what is a continuing Nazi German "Operation Paperclip" attack on the American People, which is designed to be completed by May 1st with MARTIAL LAW being declared on U.S. soil.

Remember, the corporate-fascist, extortion-friendly, crooked bank controlled U.S. media are direct enablers of the Nazi-controlled U.S. government.

CNN alleged terrorist analyst, Peter Bergen (of foreign British ancestry), suggested that the U.S. government should consider taking down websites across the United States that are trying to tell the American People the truth. If that is not a precursor to MARTIAL LAW, folks, then what is!

Suggestion to the Joint U.S.-French Intelligence Task Force Maybe you should take down CNN's website as to end their lying and propaganda, accordingly, allow the American People to bring forward the truth.

Next emergency intelligence briefing at any moment.

The Department of Homeland Security (which is UN-Constitutional to begin with) has gone rogue.

As we reported, Napolitano is an active lesbian and neo-Nazi Bloomberg is a closet but active homosexual who continues a hot homosexual affair with President Obama's car czar.

Remember, folks, we are not being anti gay but we are describing officials that are subject to blackmail and thus are threats to our national security.

DZHOKHAR IS INNOCENT

New surveillance images from Boston show chilling images of 'Red Bull and Doritos'.

Tamerlan Tsaraev attended the same school as actors Matt Damon and Ben Affleck.

Friends describe Dzhokhar Tsaraev as a mild-mannered pot-smoker, and seem genuinely shocked that he could have been involved in violence.

Dzhokhar

According to Dzhokhar's Twitter account, **Dzhokhar dreams of cheeseburgers, jokes with friends about getting high, finding girls and watching the fantasy saga "Game of Thrones" on TV.**

The day after the bombing, he tweeted: 'I'm a stress-free kind of guy'.

After the attacks, he went to the gym the following night.

Several of his friends have launched Facebook and Twitter campaigns proclaiming his innocence and arguing that he was set up. Others have said they believe so strongly in his good character that they would testify for him at trial.

Reportedly Tamerlan Tsaraev (above) was an Islamic terrorist "like **France's Mohammed Merah**, who died in a shootout with police a year ago after ... a gun rampage in Toulouse..."

Sarkozy's rival Francois Hollande with alleged Toulouse shooter Mohamed Merah.

It's a fake photo.

Squarcini

Certain top French intelligence officials have suggested that **Mohamed Merah**, the alleged gunman in Toulouse, worked for French intelligence.

Merah has been linked to the Central Directorate of Internal Intelligence (DCRI), run by Bernard Squarcini, who is very close to former President Nicolas Sarkozy.

Squarcini has admitted that Merah repeatedly visited DCRI offices.

Yves Bonnet, a former intelligence chief, says of Merah: "He was known to the DCRI... because he had a handler in domestic intelligence."

According to intelligence sources that spoke to Il Foglio, France's General Directorate of External Security obtained entry into Israel for Merah in 2010, presenting him as an informant.

Tania Head with Bloomberg and Giuliani

Tania Head was the founder and boss of the World Trade Center Survivors' Network.

Tania says that, on 9 11, she was on the 78th-floor in the south tower when a plane struck.

She says she was lying on the floor when a man with a red bandanna put out the flames on her back.

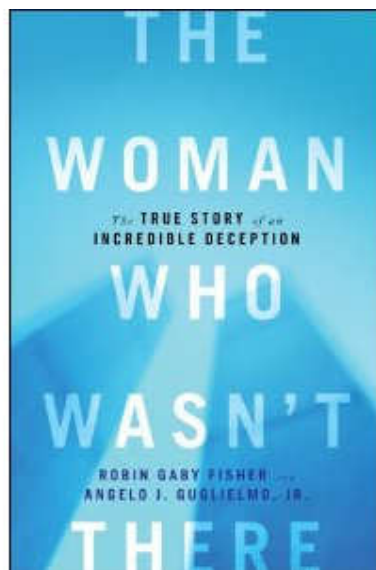

<http://www.nydailynews.com/entertainment/book-review-woman-robin-gaby-fisher-angelo-guglielmo-jr-article-1.1048845#ixzz1qCcJ0fMR>

In reality, Tania Head was in Barcelona on 9 11.

Tania Head's real name is Alicia Esteve Head.

She is the daughter of a Spanish businessman who went to prison for embezzlement

In 2007, as the New York Times was about to expose her, she confessed to her lies.

A new book, The Woman Who Wasn't There, by Robin Gaby Fisher and Angelo J. Guglielmo Jr., provides the details.

One might suspect that Tania Head worked for the CIA and that her job was to spread disinformation, and, make sure that genuine survivors of 9 11 were brainwashed.

Tania Head became friends with survivor Linda Gormley.

Head forced Gormley to take part in a 'treatment' called 'flooding' to help deal with her post traumatic stress.

The treatment involved Head forcing Gormley to listen to a tape in which Head describes nightmarish incidents linked to the attacks.

On the tape, Head records: "She has no head. Oh my God! I can't breathe! My skin is burning! They're all dead, Everyone is dead!"

Sounds like CIA brainwashing, designed to get control of someone's mind.

Two unnamed U.S. officials have told the Associated Press that the surviving suspect in the Boston bombings was unarmed when police captured him hiding inside a boat in a neighborhood back yard.

The report contradicts the Boston police department's own account of Dzhokar Tsarnaev's capture on Friday - after commissioner Ed Davies described a firefight between him and officers before the terror suspect was captured.

The New York Times also said an M4 rifle had been found on the boat - another claim contradicted by the latest revelations.

Officers had originally said they had exchanged gunfire with Tsarnaev for more than one hour Friday evening before they were able to subdue him.

But on Wednesday, the law enforcement officials told the AP that no gun was found aboard the vessel.

It also contradicts many media accounts of Tsarnaev's final moments of freedom.

The New York Times reported that an M-4 carbine rifle - similar to the weapon used by American troops fighting in Afghanistan - was found aboard the boat and that officials had recovered two handguns and a bb gun used by the two brothers.

The throat wound sustained by Tsarnaev was also said by numerous law enforcement sources to be self inflicted.

Sources told Newsday that Tsarnaev's bullet wound looked to be self-inflicted, due to the location of Tsarnaev's wound and the trajectory of the bullet.

And Reuters reported that the suspect was shot through the mouth by a round that exited through his neck.

Dozens of bullet holes were seen on the exterior of the boat in photos taken shortly after the final standoff in the Watertown backyard.

The officials told the AP that say investigators only recovered a 9 mm handgun believed to have been used by Tsarnaev's brother, Tamerlan, from the site of a gun battle Thursday night, which injured a Massachusetts Bay Transportation Authority officer.

Dzhokhar was believed to have been shot before he escaped.

The officials tell The Associated Press that no gun was found in the boat.

Investigators have said the brothers appeared to have been radicalized through jihadist materials on the Internet and have found no evidence tying them to a terrorist group.

Dzhokhar told the FBI that they were angry about the U.S. wars in Afghanistan and Iraq and the killing of Muslims there, officials said.

How much of those conversations will end up in court is unclear.

Under pressure from Congress, however, the Department of Justice has said investigators may wait until they have gathered intelligence about other threats before reading those rights in terrorism cases.

The American Civil Liberties Union has expressed concern about that.

Regardless, investigators have found pieces of remote-control equipment among the debris and were analyzing them, officials said.

One official described the detonator as 'close-controlled,' meaning it had to be triggered within several blocks of the bombs.
